*Matter Task Cards - Set 1*

A substance with a defined shape is a \_\_\_\_\_.

2

LG1

*Matter Task Cards - Set 1*

A substance whose particles are high in energy.

3

LG1

*Matter Task Cards - Set 1*

A substance that you can compress is a \_\_\_\_\_.

4

LG1

*Matter Task Cards - Set 1*

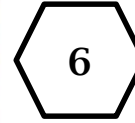

The volume of a substance remains the same in different containers and has loosely packed particles.

LG1

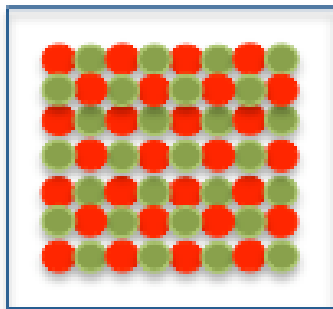

*Matter Task Cards - Set 1*

A substance has particles that slide past one another.

LG1

*Matter Task Cards - Set 1*

LG1

*Matter Task Cards - Set 1*

A substance whose particles are strongly attracted to one another.

LG1

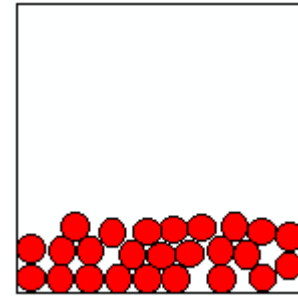

*Matter Task Cards - Set 1*

**A substance has particles that move very fast.**

LG1

*Matter Task Cards - Set 1*

LG1

*Matter Task Cards - Set 1*

**A substance that is not compressible by normal means is a \_\_\_\_\_.**

LG1

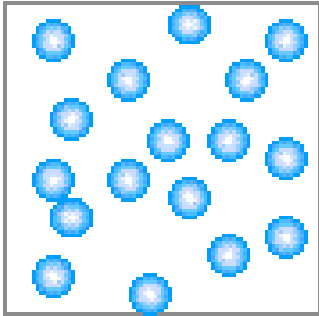

*Matter Task Cards - Set 1*

**A substance whose particles have low energy.**

LG1

*Matter Task Cards - Set 1*

5

LG1

*Matter Task Cards - Set 1*

**A substance whose particles have a medium attraction one another.**

6

LG1

*Matter Task Cards - Set 1*

**The volume of a substance changes with different containers.**

7

LG1

*Matter Task Cards - Set 1*

**A substance that partially takes the shape of a container is a \_\_\_\_\_.**

8

LG1

*Matter Task Cards - Set 1*

**A substance whose particles have a weak attraction to one another.**

LG1

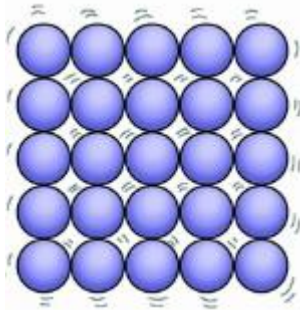

*Matter Task Cards - Set 1*

**A substance has particles that vibrate in place.**

LG1

*Matter Task Cards - Set 1*

LG1

*Matter Task Cards - Set 1*

**A substance is that is not compressible and partially takes the shape of a container is a \_\_\_\_\_.**

LG1

*Matter Task Cards - Set 1*

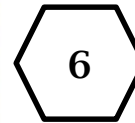

A substance that completely takes the shape of a container is a \_\_\_\_\_.

LG1

*Matter Task Cards - Set 1*

A substance whose particles have medium energy.

LG1

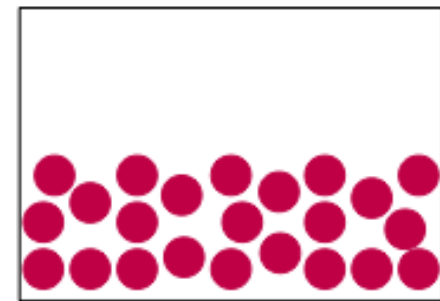

*Matter Task Cards - Set 1*

The volume of a substance remains the same in different containers and has tightly packed particles.

LG1

*Matter Task Cards - Set 1*

LG1

*Matter Task Cards - Set 1*

A substance that does not take the shape of the container is a \_\_\_\_\_.

LG1

*Matter Task Cards - Set 1*

Substances that have particles that are strongly attracted to one another.

LG1

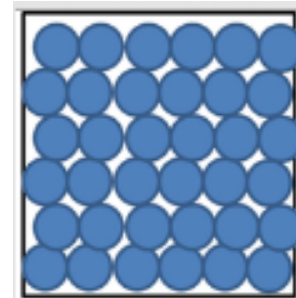

*Matter Task Cards - Set 1*

The volume of a substance remains the same in different containers and the particles vibrate in place.

LG1

*Matter Task Cards - Set 1*

A substance that is easily compressible is a \_\_\_\_\_.

LG1

*Matter Task Cards - Set 1*

A substance whose particles move with high energy.

LG1

*Matter Task Cards - Set 1*

**The volume of a substance remains the same in different containers and the particles slide by one another**

LG1

*Matter Task Cards - Set 1*

A substance that is not compressible and has tightly packed particles is a \_\_\_\_\_.

LG1

*Matter Task Cards - Set 1*

A substance that expands to take the shape of a container is a \_\_\_\_\_.

a \_\_\_\_\_.

LG1

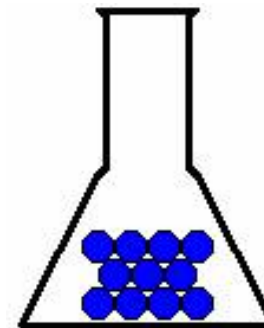

*Matter Task Cards - Set 1*

Substances that have particles whose particles have a medium attractive force.
